Search Companion	Name	In Folder	Size	Type
------------------	------	-----------	------	------

To start your search, follow the instructions in the left pane.

**What are you looking for?**

- A printer on the network
- A computer on the network
- People in your address book

You may also want to...

- 🔍 Search the Internet

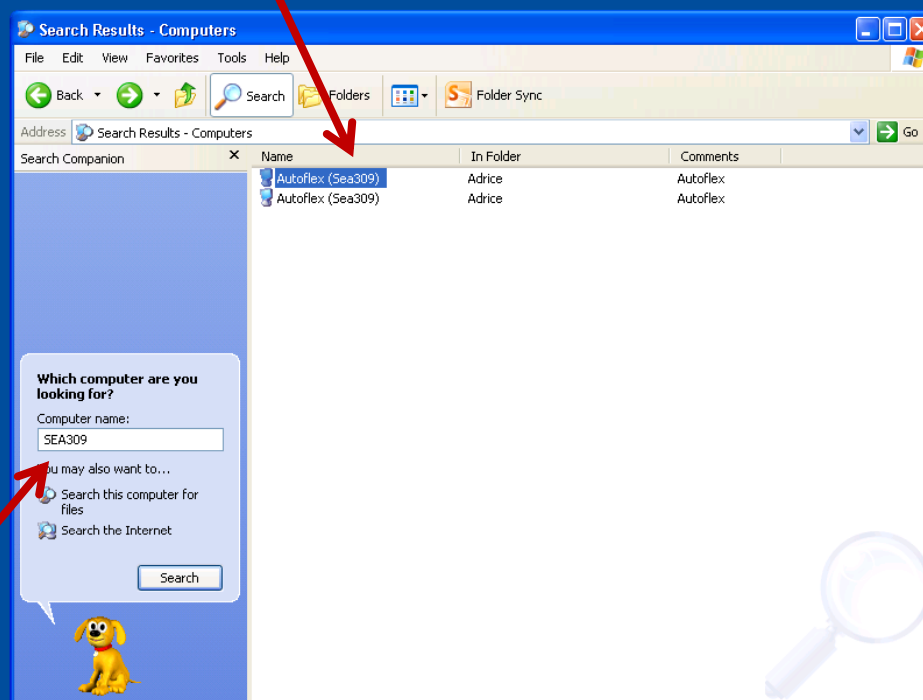

Back

Select "a computer on the network"

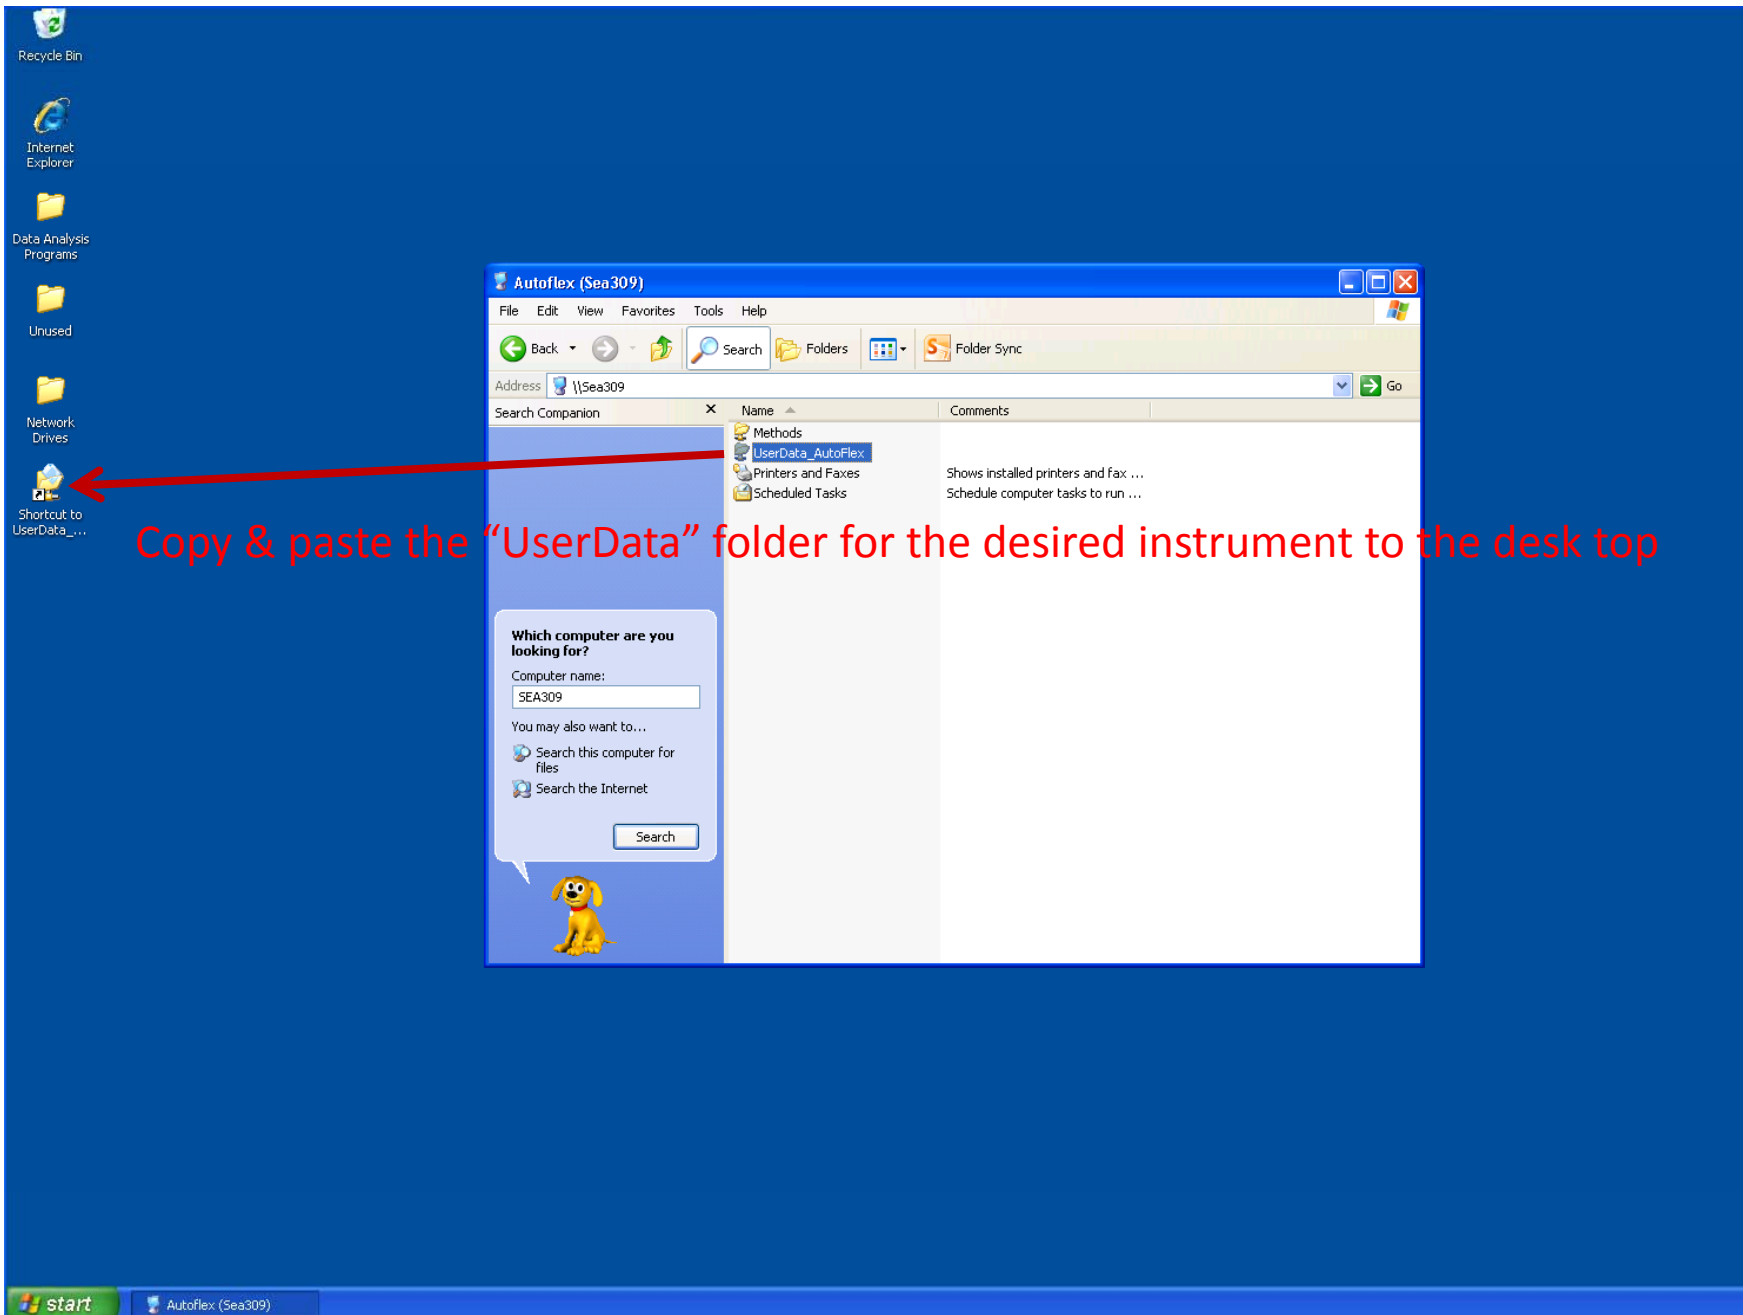

2) To access the instrument's data folder double click on the instrument name

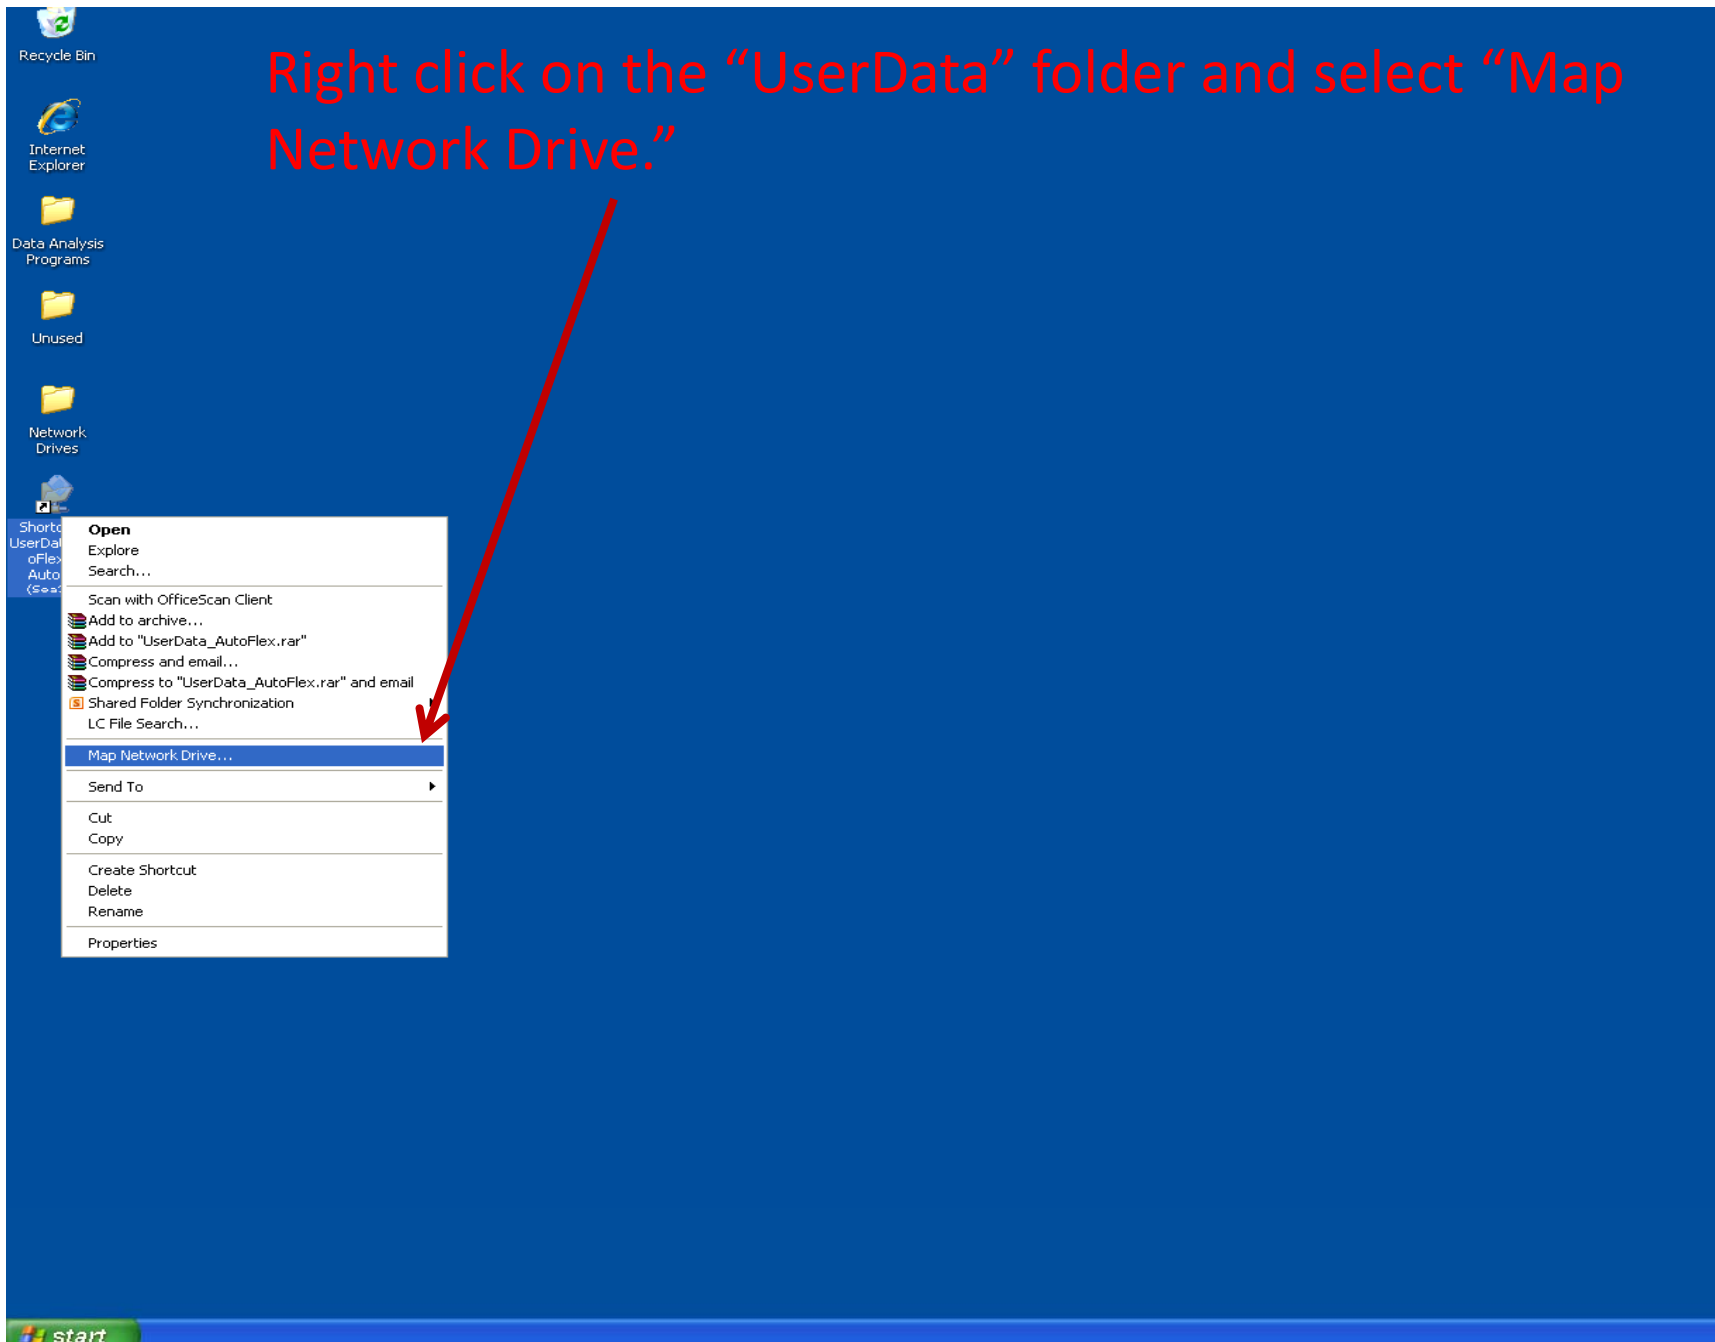

1) Search for the desired computer

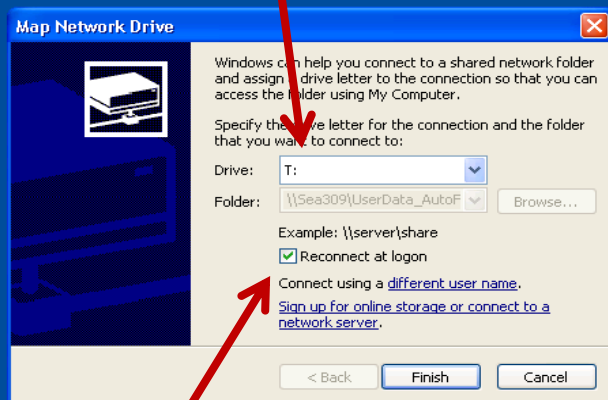

- For the Autoflex search "SEA309"
- For the microToF search "SEA310"

Right click on the "UserData" folder and select "Map Network Drive."

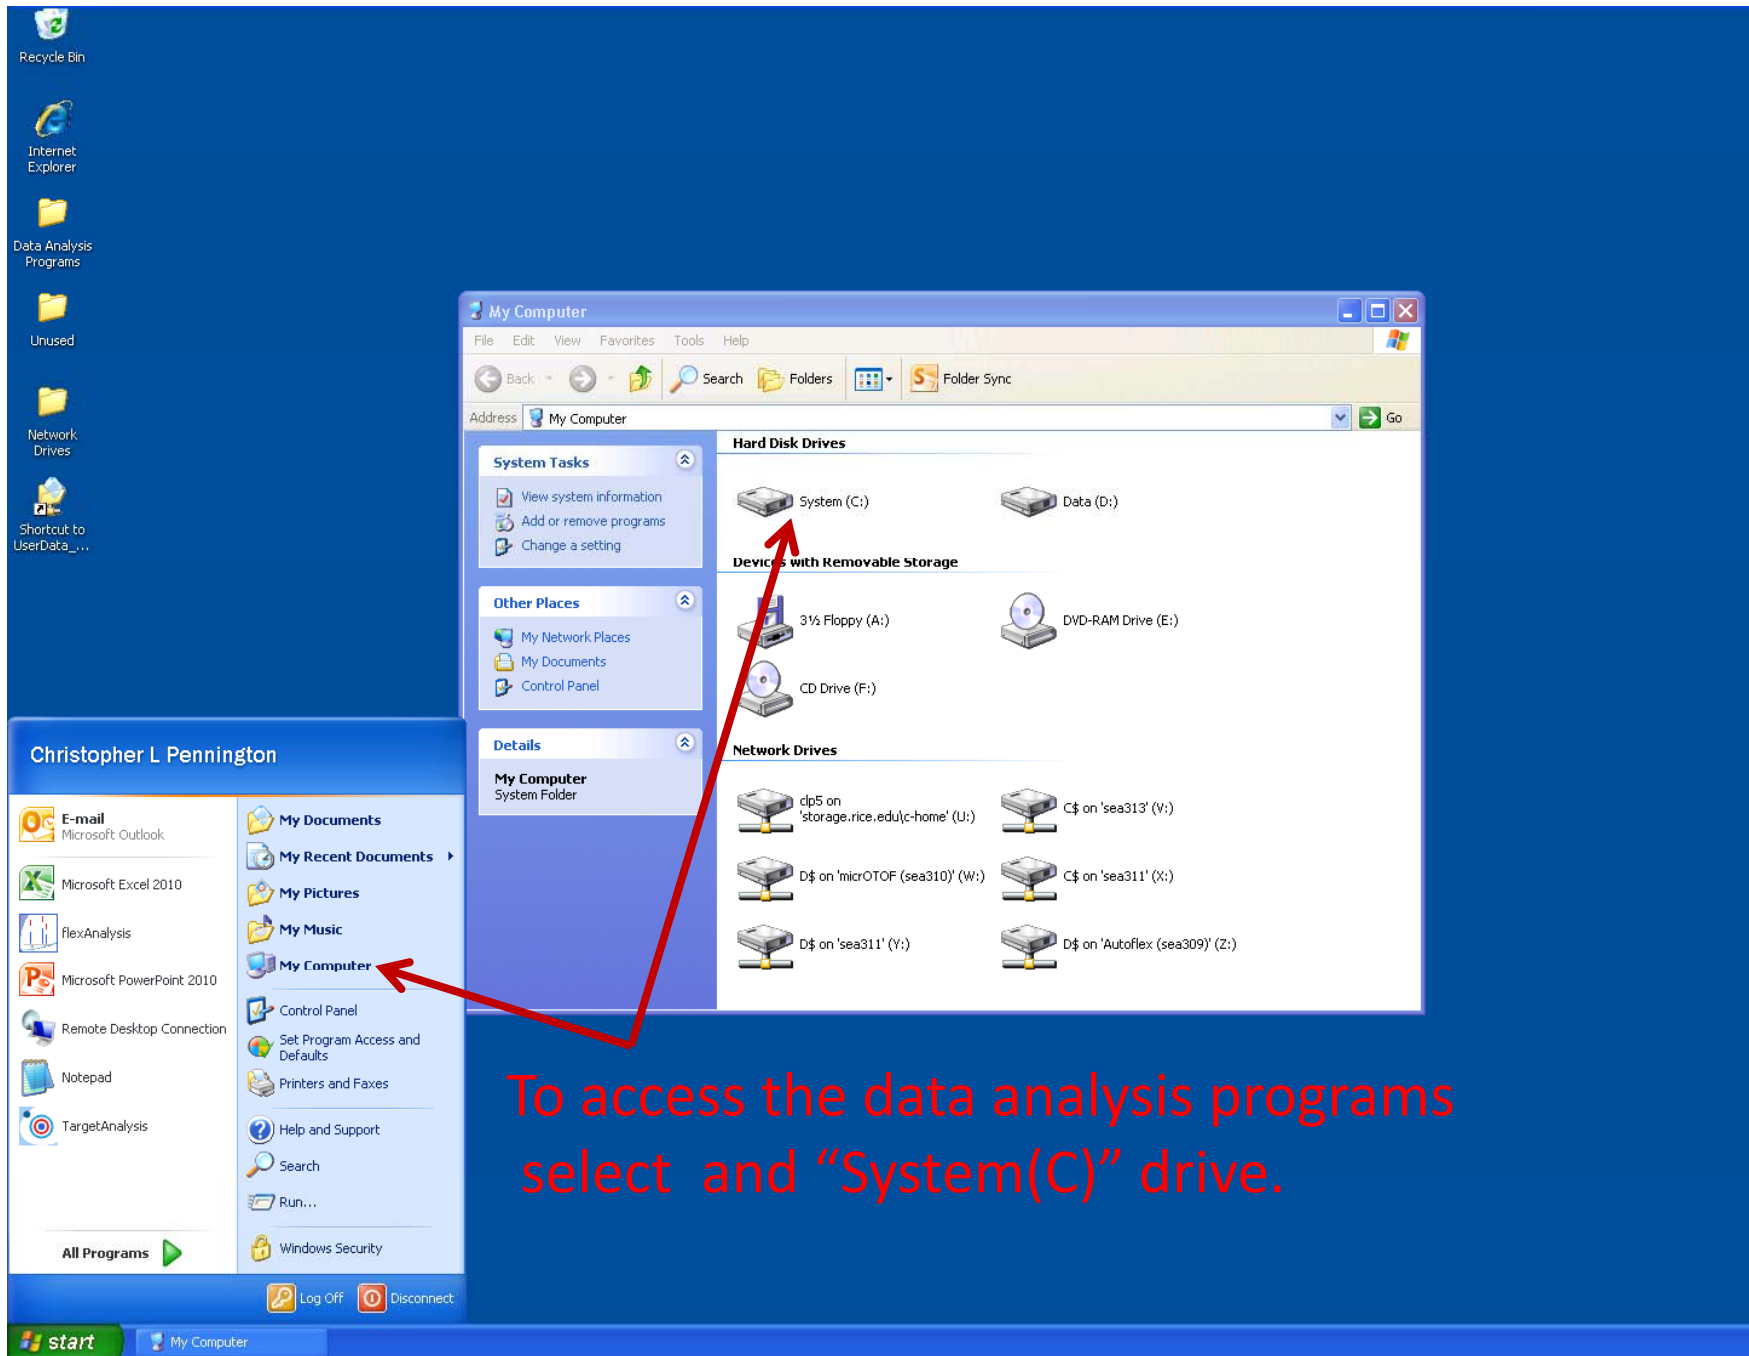

1) Select a drive label that is not being used

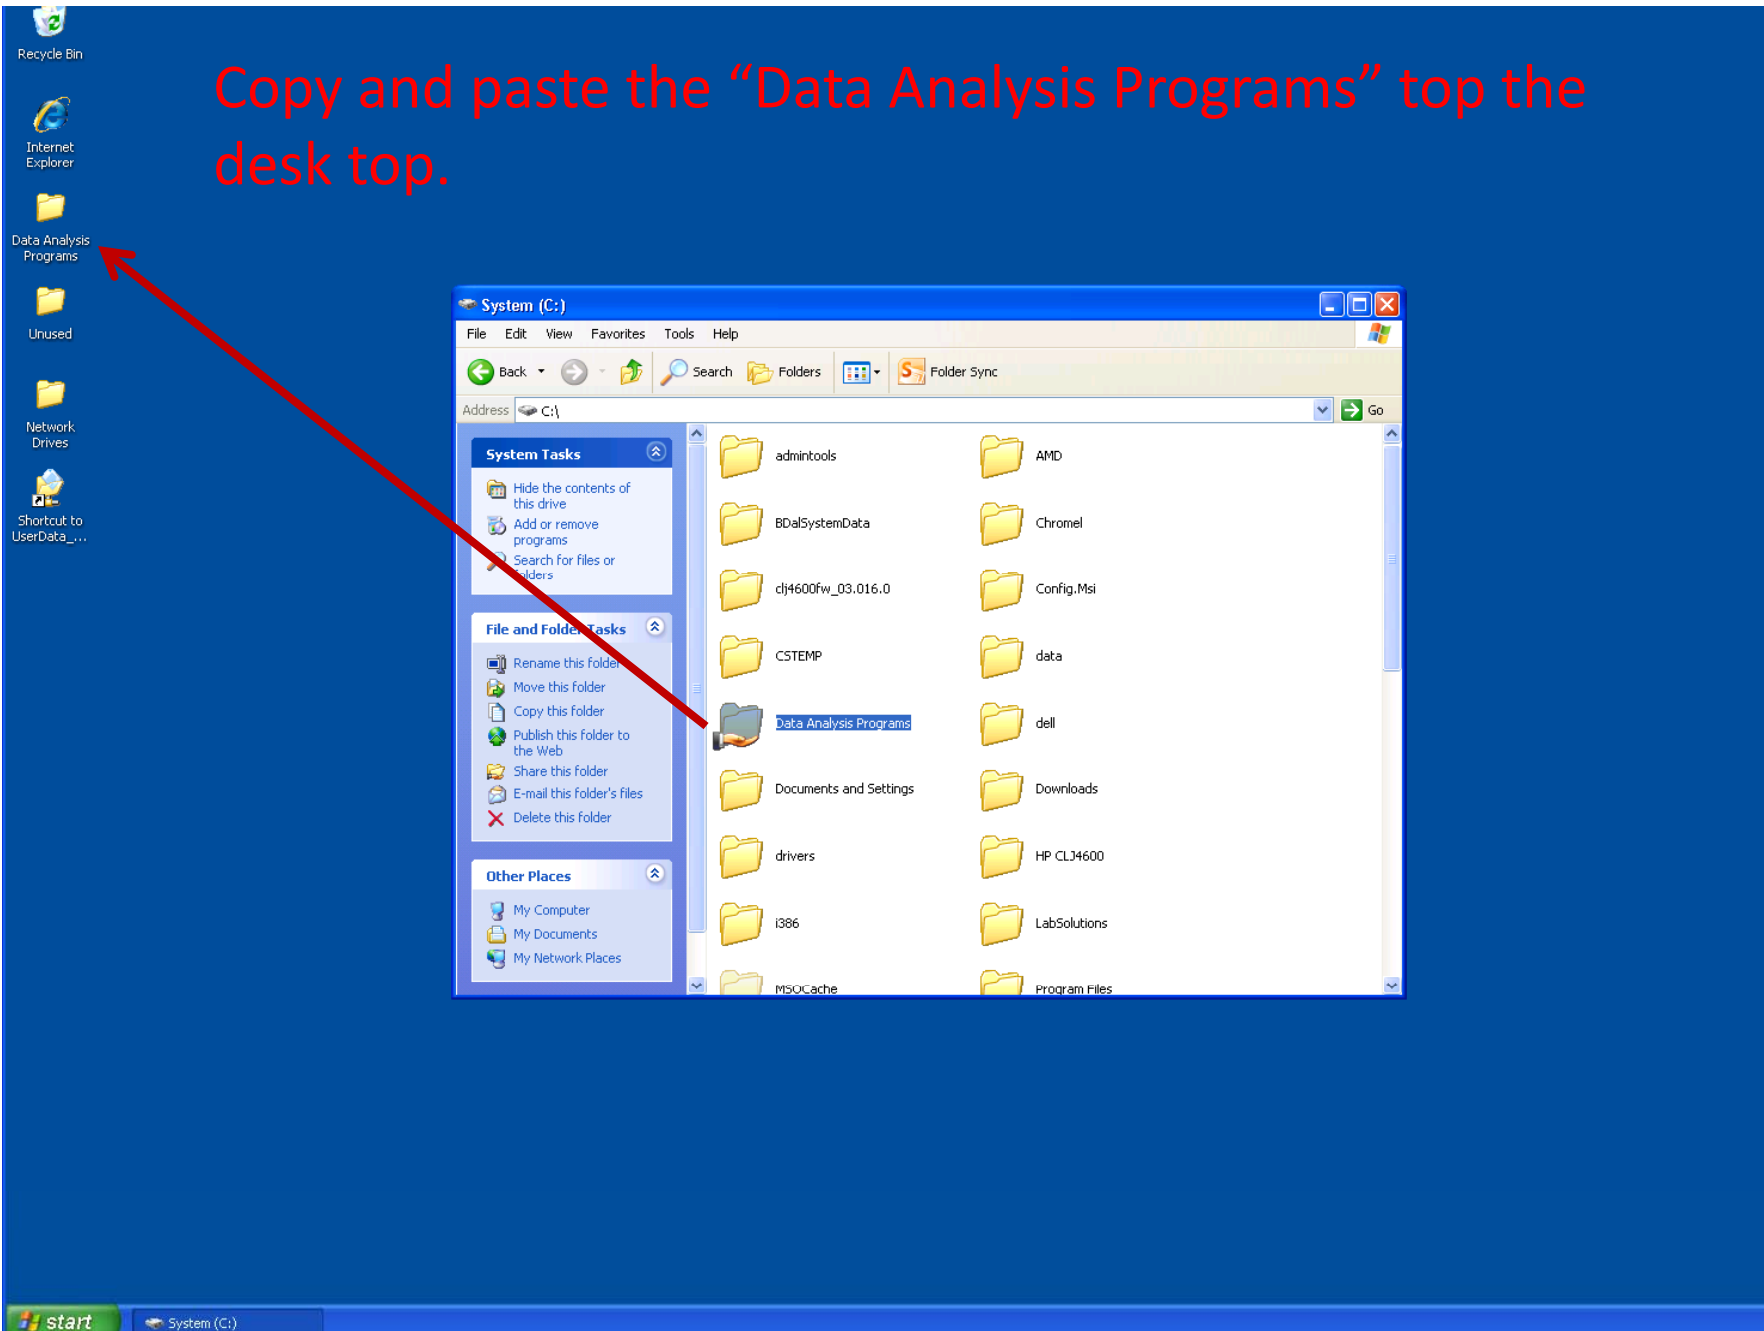

2) Check "Reconnect at logon" and click finish

Congratulations you have mapped the data drive for Autoflex and MicroToF!

Copy and paste the "Data Analysis Programs" top the desk top.

Open the "Data Analysis Programs" folder to access the appropriate instrument data analysis software.
